## ADMINISTRATIVE ORDER DHC-3595

Burlington Resources Oil & Gas Company, LP  
P.O. Box 4289  
Farmington, NM 87499

Attention: Ken Collins

*Aztec A Well No. 100  
API No. 30-045-33184  
Unit M, Section 22, Township 31N, Range 11W, NMPM,  
SAN JUAN County, New Mexico  
WC D3; FRUITLAND SAND (96939),  
Undesignated Aztec-Pictured Cliffs (71280), and  
BASIN FRUITLAND COAL (GAS) (71629) Pools*

Dear Mr. Collins:

Reference is made to your recent application for an exception to Rule 303.A. of the Division Rules and Regulations to permit the above-described well to commingle production from the subject pools in the wellbore.

It appearing that the subject well qualifies for approval for such exception pursuant to the provisions of Rule 303.C., and that reservoir damage or waste will not result from such downhole commingling, and correlative rights will not be violated thereby, you are hereby authorized to commingle the production as described above and any Division Order which authorized the dual completion or otherwise required separation of the zones is hereby placed in abeyance.

In accordance with Division 303C.(1)(f), the production attributed to any commingled pool within the well shall not exceed the allowable applicable to that pool.

**Assignment of allowable to the well and allocation of production from the well shall be done after testing of all intervals to be commingled. The applicant shall submit the allocation percentages to the Division within 60 days following completion of this workover. In addition, the applicant shall submit the final allocation percentages to revenue interest owners in all commingled pools.**

REMARKS: The operator shall notify the Aztec District Office of the Division upon implementation of commingling operations.

Pursuant to Rule 303C(2), the commingling authority granted herein may be rescinded by the Division Director if conservation is not being best served by such commingling.

Approved at Santa Fe, New Mexico on November 27, 2005.

STATE OF NEW MEXICO
