-I will be getting a rig next week and I am going to work on LMWU # 112 # 502 # 603 and return them to production I have sent Ricky Smith Info. to plug # 505 lng. .I am working on running liners or plugging # 118 #151 # 122 # 124 . This should catch me up hopefully I can get this accomplished by the end of next month . Thank you for your help with some of the problems I have encountered and your solutions .
