Re: Application for Downhole Commingling
San Juan 30-5 Unit Well No. 53E
Unit Letter I, Section 16-30N-5E
Blanco-Mesaverde and Basin-Dakota Pools
Rio Arriba County, New Mexico

Dear Ms. Clugston:

We have received your application of May 20, 1997, requesting our approval to downhole commingle the Blanco Mesaverde and Basin Dakota production within the wellbore of the San Juan 30-5 Unit Well No. 53E located in the NE/4SE/4 of Section 16, Township 30 North, Range 5 West, Rio Arriba County, New Mexico.

We regret to inform you that we cannot approve your application as submitted due to the following:

1. We do not feel that this well is marginal.
2. There is a 200 psi pressure differential between the upper and lower zones. The cross-flow may be detrimental to the low pressure zone; the Basin Dakota.
3. The application does not clearly state the allocation formula to be used.
4. We feel that approval of this application may result in a loss of royalty to the State of New Mexico.

In view of the above, please be advised that your application is hereby denied.

Your \$30.00 filing fee has been received.

If you have any questions or if we may be of further help, please contact Pete Martinez at (505) 827-5791.

Very truly yours,

RAY POWELL, M.S., D.V.M.
