Subject: Clarification on Federal F #1G

This well was approved for DHC (DHC-3611) on 1/20/06. However we submitted for the Dakota & Mancos & the heading on the approval letter matches that, but in the body of the letter, the table reflects Mancos/Mesaverde commingled allocations.

Please assure us that the OCD is aware that this is Dakota/Mancos and its just a typo stating Mancos/Mesaverde.

thanks,
