Attachments:	2015.10.15 C-141 Initial & Final.pdf

Please disregard the first copy of the C-141 and replace it with this copy. I had the incorrect discovery date on the report.

Thank you

Subject: Gissler A 2 Battery Release C-141 Initial & Final | API #30-2015-33496

Shelly/Heather,

Attached you will find the Initial/Final C-141 for the spill at the Gissler A 2 tank battery. The spill was contained within the lined confinement and has been cleaned up so I combined the Initial and Final Report into one document. If you need me to break this into two separate forms, just let me know and I'd be happy to do that.

Please let us know if you have any questions or need any additional information.

Thank you

Subject:	Release at the Gissler A 2 Tank Battery - API # 30-015-33498

...

Heather/Shelly,

This email is to give you initial notification of a release at the Gissler A 2 Tank Battery on Monday, October 13, 2015. The release was approximately 15 bbls of oil and was contained inside the lined containment. We were able to recover all 15 bbls.

This release has been completed and additional remediation will not be required. I will send you the C-141 forms tomorrow.

Please let me know if you have any questions.

Thank you,

LESLIE M. GARVIS
