Reference: Holly Energy Partners \* Navaho Federal / Apache DAD Lateral Gathering Line (fluid release) \* 30-17s-29e \*  
Eddy County, New Mexico  
NMOCD Tracking Number: 2RP-942 \* Date of release: 10/22/2011

Greetings,

The "Delineation Report/Workplan", dated August 20, 2012, and submitted to OCD District 2 by Safety & Environmental Solutions, Inc. for the above referenced produced fluid release, is approved with the following conditions and/or stipulations:

- Notify the OCD District 2 office 48 hours prior to commencement of remedial operations.
- Notify the OCD District 2 office 48 hours prior to obtaining samples where the analyses are to be submitted to the OCD.
- OCD approval will be required prior to backfilling any excavations.
- It is OCD's understanding that this proposal is in addition to the previously submitted proposal dated June 7, 2012.
- In the event the 60 day time frame for bio-remediation is not achieved, an alternate remediation proposal may be required.
- Like approval by any other regulatory authority as may be applicable.

Be advised OCD approval does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Mike Bratcher
