Subject:	Lee Federal 94 release

All,

On 10/29/2015 contamination was discovered at the Lee Federal 94 (Section 17, T17S, R31E, API # 30-015-43365). Apache is currently trying to determine the volume and the cause of the release. The release affected the pad and the pasture off the southwest corner and south of the pad. Please let me know if you have any questions or wish to discuss the issue. Thanks and have a good day.
