**Subject:** Electra Federal North Tank Battery - Spill Notification

Mr. Bratcher,

Please see below the detailed description of a release that occurred at the Electra Federal North Tank Battery. This is the same area as the spill that just occurred on 09/26/2011:  
29

On 9-29-11 at 10:00am, a produced water spill occurred at the Electra Federal North Tank Battery. Approximately 38bbbls of produced water and 2bbbls of skim oil were released and contained within the unlined dike. 38bbbls of fluid has been recovered. All standing fluid was picked-up and disposed. Contaminated soil was picked-up and disposed. This spill was the result of an unexpected rush of produced water caused by new wells in the area. Vacuum trucks have been assigned to haul produced water on a regular schedule to prevent further incidents of this nature.

We will follow up with a C-141 Initial Report,

GPS coordinates, Legal description, and driving directions below:

N 32\* 51.192 W 103\* 57.540

Electra Federal #31

Unit B, Sec.10- T17S- R30E

1170' FNL & 2310' FEL

Eddy County NM, API #30-015-36467

From Hwy 82, T/N in Loco Hills on CR 218, go 2 miles to 4-way intersection, T/E and go 1 mile, T/N and go .25 mile, T/E and go .25 mile, T/N and follow main road .25 mile to location on East.

Thanks,

**Joshua Russo**
