Dear Ms. Calvin:

We are in receipt of your application requesting to surface commingle production from the State of New Mexico #2 and State of New Mexico #3 wells.

Our approval does not constitute the granting of any right-of-way or construction rights not granted by the lease instrument.

Since it appears that all the New Mexico Oil Conservation Division's rules and regulations have been complied with, and there will be no loss of revenue to the State of New Mexico as a result of your proposed operation, your request is hereby approved. Our approval is subject to like approval by the New Mexico Oil Conservation Division and the Bureau of Land Management. Please submit a copy of the NMOCD's and BLM's approval to this office.

Your \$30.00 dollar filing fee has been received. When you provide a check as payment, you authorize the State of New Mexico to either use information from your check to make a one-time electronic fund transfer from your account or to process the payment as a check transaction.

If you have any questions, or if we may be of further help, please contact Pete Martinez at (505) 827-5791.

Very truly yours,

AUBREY DUNN
