RE: UHC New Mexico Corporation, NMOCD-OGA 05-96
Amended Well Compliance, February 2006

Dear Chris:

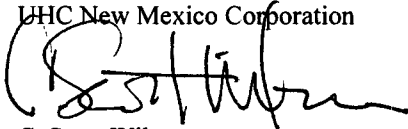

Pursuant to the Agreed Compliance Order ("ACO") in the above referenced case, attached please find the listing of four (4) wells restored to production in February 2006 in addition to those denoted as producing (#14, #19, #37, #39) in my original letter of March 8, 2006. The well schedule indicates the four (4) wells were also produced in February 2006 bringing them into compliance as requested.

Each month we will send you a duplication of the attached list which indicates what action has been taken on the wells that we have brought into compliance that month. UHC New Mexico Corporation will continue taking steps toward compliance as requested under the ACO.

Thank you for your consideration.

Very truly yours,

UHC New Mexico Corporation
