**NATURE OF RELEASE**

Type of Release	Crude oil and produced water	Volume of Release	9 bbls Oil 24 bbls PW	Volume Recovered	3 bbls Oil 12 bbls PW
Source of Release	Ruptured Gasket	Date and Hour of Occurrence	10/3/2016 time unknown	Date and Hour of Discovery	10/3/2016 approx. 10 am
Was Immediate Notice Given?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not Required	If YES, To Whom?	Mike Bratcher and Heather Patterson		
By Whom?	Amy Ruth	Date and Hour	10/3/2016 4:46 pm by email		
Was a Watercourse Reached?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.	N/A		
If a Watercourse was Impacted, Describe Fully.* N/A					
Describe Cause of Problem and Remedial Action Taken.* Release of fluids was the result of a ruptured gasket on a gas supply pot. The vessel was isolated for repairs.					
Describe Area Affected and Cleanup Action Taken.* Leak affected approximately 5,000 square feet of misted pasture area west of the battery and 3670 square feet of caliche pad and earthen containment. Free standing fluids within the earthen containment were recovered via vacuum truck and Micro-Blaze was applied to the pasture area.					
I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Please find the initial form C-141 regarding the spill below discussed. To all, my most humble apologies for the delay in submission and to the BLM for my lack of your inclusion in the notification below. I have another two forms to submit, for other leaks, in which I realize I did the same thing, unintentionally. Thank you for your patience and please don't hesitate to call me with any questions/concerns!

Hello all, BOPCO has had a release at the Hudson Federal Battery. A total of 40 bbls of mixed fluids (oil and produced water) are estimated to have been released, 20 of which were recovered via vacuum truck. The remaining fluids are estimated as 12 bbls produced water and 8 bbls oil remain in the soil. Most of the leaked fluids were contained within the location berm. An overspray area was issued into the west pasture from the southwest corner of the battery pad. We will submit the initial form C-141. Please call with any questions. Thank you.
