Describe Cause of Problem and Remedial Action Taken.\*

At 1:15 pm on 05/12/2016 blow down of natural gas into atmosphere through blow down stacks at the Gallup Compressor Station (1 Unit Blow Down).  
Due to no demand at this time

Describe Area Affected and Cleanup Action Taken.\*

Transwestern Pipeline Company Gallup Compressor Station. There was no clean up action taken because the natural gas was released into the atmosphere.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
