Santa Fe, New Mexico 87505

Re: Application of Matador Production Company for administrative approval of unorthodox well location for its Tiger 14-24S-28E RB #222H well located in the N/2 of Section 14, Township 24 South, Range 28 East, N.M.P.M., Eddy County, New Mexico.

Dear Mr. Catanach:

Matador Production Company (OGRID No. 228937) seeks administrative approval of an unorthodox well location ("NSL") for its **Tiger 14-24S-28E RB #222H Well** (API No. forthcoming) to be completed within the Culebra Bluff; Wolfcamp, South (Gas) pool (Pool Code 75750) underlying the N/2 of Section 14, Township 24S, Range 28E, N.M.P.M., Eddy County, New Mexico. The **Tiger 14-24S-28E RB #222H Well** is a horizontal well to be drilled as follows:

Tiger 14-24S-28E RB #222H

- **Surface Hole Location:** 1796 feet from the North line and 356 feet from the East line of Section 14, Township 24 South, Range 28 East;
- **First Perforation Point:** 1650 feet from the North line and 330 feet from the East line of Section 14, Township 24 South, Range 28 East;
- **Last Perforation Point:** 1677 feet from the North line and 330 feet from the West line of Section 14, Township 24 South, Range 28 East; and
- **Bottom Hole Location:** 1678 feet from the North line and 240 feet from the West line of Section 14, Township 24 South, Range 28 East.

Since this acreage is governed by the Division Rule 19.15.15.10.B which provides for wells in defined gas pools in Eddy County to be spaced on 320 acres and located no closer than 660 feet to the outer boundary of the spacing unit, the completed interval for this well will be unorthodox. Approval of the unorthodox completed interval will allow for efficient well spacing

HOLLAND & HART^{LLP}

and prevent waste of a productive reservoir. The **Tiger 14-24S-28E RB #222H Well** will encroach on the 320-acre spacing unit in the N/2 of Section 15 and the N/2 of Section 13, Township 24 South, Range 28 East.

Exhibit A is a draft Well Location and Acreage Dedication Plat (Form C-102), which shows that the completed interval of the proposed **Tiger 14-24S-28E RB #222H Well** encroaches on the spacing and proration units to the East and to the West of the proposed spacing unit.

Exhibit B is a Midland map showing an outline of the subject acreage and the surrounding sections. Matador Production Company is the operator of existing wells drilled in the lay-down spacing units comprising the N/2 of Section 15 and the N/2 of Section 13. Therefore, notice is required only to the working interest owners of wells in those spacing units.

Exhibit C contains a list of the parties affected by the encroachment and their area of ownership. A copy of this application with all attachments has been sent by certified mail to each affected party advising them that if they have an objection it must be filed in writing with the division within 20 days from the date the division receives this application. A courtesy copy of this application has also been provided to the New Mexico State Land Office.

Exhibit D is a notice of publication directed to unlocatable unknown heirs of affected interest owners.

Your attention to this matter is appreciated.

Sincerely,

Jordan L. Kessler

The State of New Mexico, through its Oil Conservation Division, hereby gives notice that the Division is considering the administrative approval of this application. Applicant seeks an order from the Division approving an unorthodox well location in the N/2 of Section 15, Township 24S, Range 28E, N.M.P.M., Eddy County, New Mexico. This proposed unorthodox location will be for the Tiger 14-24S-28E #222H, to be horizontally drilled to produce from the Culebra Bluff, Wolfcamp, South (Gas) pool (Pool Code 75750). The producing area for this well will be unorthodox, located less than 660 feet from the project area boundary. The first perforation point for this well will be located 1650 feet from the North line and 330 feet from the East line of Section 14, Township 24 South, Range 28 East; and the last perforation point will be located 1617 feet from the North line and 330 feet from the West line of Section 14. Any objections that you have to this application must be filed in writing with the New Mexico Oil Conservation Division, 1220 South St. Francis Drive, Santa Fe, New Mexico 87505, within twenty (20) days from the date the Division received the above referenced application. If no objections are received within twenty days, this application may be administratively approved by the Division. Said area is located approximately 4 miles southeast from Loving, New Mexico.

Re: Application of Matador Production Company for administrative approval of unorthodox well location for its Tiger 14-24S-28E RB #222H well located in the N/2 of Section 14, Township 24 South, Range 28 East, N.M.P.M., Eddy County, New Mexico.

Ladies and Gentlemen:

Enclosed in the notice is a copy of the above referenced application filed with the New Mexico Conservation Division on this date. Any objections that you have to this application must be filed in writing with the New Mexico Oil Conservation Division, 1220 South St. Francis Drive, Santa Fe, New Mexico 87505, within twenty (20) days from the date the Division receives the above referenced application may be administratively approved by the Division.

If you have any questions concerning this application, please contact:

Chris Carleton, RPL
Matador Production Company
5400 LBJ Freeway, Suite 1500
Dallas, TX 75240
Phone: 972-371-5430

If you have no objection to this application, please sign the waiver as indicated below and return the original. Your assistance and cooperation in this matter are appreciated.

Sincerely,

Jordan L. Kessler
Attorney for Matador Production
