RE: RESCINDING REQUEST FOR MINOR MODIFICATION:

Dear Mr. Jones:

Envirotech would like to formally rescind the request for a Minor modification for Landfarm #2 permit NM01-0011. Envirotech will make clarifications to the original request and resubmit the request at a later date. The original request was dated March 8, 2017.

Thank you for your consideration in this matter. If you have any questions or require additional information, please do not hesitate to contact our office at (505) 632-0615.

Respectfully submitted,
Envirotech, Inc.

Greg Crabtree

RE: ENVIROTECH'S REQUEST FOR MINOR MODIFICATION OF SURFACE WASTE MANAGEMENT
FACILITY PERMIT #NM01-0011

Dear Mr. Jones:

Envirotech would like to request a minor modification for Envirotech's permit #NM01-0011. Specifically, Envirotech would like to follow the limits set forth in NMAC 19.15.36.15 D as it pertains to the treatment zone monitoring. Additionally, Envirotech would like to utilize Method 8015M (GRO/DRO/ORO) in lieu of method 418.1 to conduct this monitoring. Envirotech would test carbon ranges C₆ to C₃₆ via Method 8015M. In order to maintain being a prudent operator and protect human health and the environment Envirotech will ensure that each lift will meet the limits specified in 19.15.36.15 F (1)-(4) prior to requesting an additional lift.

Envirotech would also like to utilize the closure performance standards specified in NMAC 19.15.36.15 F in lieu of the current 100 mg/kg TPH closure specified in the existing permit. Once the cell is at capacity Envirotech will sample for the analysis specified in 19.15.36.15 F. When the analysis is within the limits specified in Section F Envirotech will then apply for discontinued maintenance or request to scrape the cell back to native and the remediated soil be reused within the facility. As requested above Envirotech is requesting to utilize Method 8015M (C₆ - C₃₆) in lieu of Method 418.1 for the closure performance samples also.

Thank you for your consideration in this matter. If you have any questions or require additional information, please do not hesitate to contact our office at (505) 632-0615.

Respectfully submitted,
Envirotech, Inc.

**APPLICATION FOR MINOR MODIFICATION TO SURFACE WASTE
MANAGEMENT FACILITY**

1. Operator: Envirotech, Inc.
Address: 5796 US Hwy 64, Farmington, NM 87401
Contact Person: Morris Young Phone: 505-632-0615
2. Location: /4 NW /4 Section 6 Township 26N Range 10W
3. Provide permit number NM1-0011
4. Attach a description of the proposed minor modification(s) to the surface waste management facility.
5. If the Minor Modification involves changes to a treatment, remediation, or disposal method, attach engineering designs, certified by a registered professional engineer, including technical data on the design elements of each applicable treatment, remediation, and disposal method and detailed designs of surface impoundments.
6. If the Minor Modification will affect the closure and post-closure plan, attach an updated closure and post closure plan, including a responsible third party contractor's cost estimate, sufficient to close the surface waste management facility in a manner that will protect fresh water, public health, and the environment (the closure and post closure plan shall comply with the requirements contained in 19.15.36.18 NMAC).
7. If the Minor Modification will affect the contingency plan, attach an updated contingency plan that complies with the requirements of Subsection N of 19.15.36.13 NMAC and with NMSA 1978, Sections 12-12-1 through 12-12-30, as amended (the Emergency Management Act).
8. If the Minor Modification will affect the control of run-on or run-off water at the site, attach an updated plan to control run-on water onto the site and run-off water from the site that complies with the requirements of Subsection M of 19.15.36.13 NMAC.
9. If the Minor Modification will affect the best management practice plan, attach a best management practice plan to ensure protection of fresh water, public health, and the environment.
10. The division may require additional information to demonstrate that the surface waste management facility's operation will not adversely impact fresh water, public health, or the environment and that the surface waste management facility will comply with division rules and orders.

11. CERTIFICATION

I hereby certify that the information submitted with this application is true, accurate, and complete to the best of my knowledge and belief.
