Subject: RE: Gomez SWD #1 - Revised WBD

Mike:
Based on a review of the proposed well bore diagram, and consultation with the Artesia District geologist, the OCD will require Delaware Energy follow the well bore diagram that was approved in Administrative Order SWD-1660-A.

Thank You

Mike

Subject: Gomez SWD #1 - Revised WBD

Mr. McMillan,

Please see the revised WBD (attached) for the Gomez SWD. We would like to have the flexibility of the following options:

1. Surface casing depth: now 400'/was 700'
2. Production long string: now TOL at 9,200'/was 7" string from surface to 13,650'
3. 7" casing depth: now 13,800'/was 13,650'
4. Total depth: now 15,800'/was 14,650'

Best Regards,

Mike McCurdy | VP Operations
