APPLICATION FOR SURFACE COMMINGLING (DIVERSE OWNERSHIP)

OPERATOR NAME: LOGOS Operations, LLC
OPERATOR ADDRESS: 2010 Afton Place, Farmington NM 87401
APPLICATION TYPE:

☐ Pool Commingling ☐ Lease Commingling ☐ Pool and Lease Commingling ☒ Off-Lease Storage and Measurement (Only if not Surface Commingling)

LEASE TYPE: ☐ Fee ☐ State ☒ Federal

Is this an Amendment to existing Order? ☐ Yes ☐ No If "Yes", please include the appropriate Order No. _____
Have the Bureau of Land Management (BLM) and State Land office (SLO) been notified in writing of the proposed commingling
☐ Yes ☐ No

(A) POOL COMMINGLING
Please attach sheets with the following information

(1) Pool Names and Codes	Gravities / BTU of Non-Commingled Production	Calculated Gravities / BTU of Commingled Production		Calculated Value of Commingled Production	Volumes

- (2) Are any wells producing at top allowables? ☐ Yes ☐ No
(3) Has all interest owners been notified by certified mail of the proposed commingling? ☐ Yes ☐ No.
(4) Measurement type: ☐ Metering ☐ Other (Specify)
(5) Will commingling decrease the value of production? ☐ Yes ☐ No If "yes", describe why commingling should be approved

(B) LEASE COMMINGLING
Please attach sheets with the following information

- (1) Pool Name and Code.
(2) Is all production from same source of supply? ☐ Yes ☐ No
(3) Has all interest owners been notified by certified mail of the proposed commingling? ☐ Yes ☐ No
(4) Measurement type: ☐ Metering ☐ Other (Specify)

(C) POOL and LEASE COMMINGLING
Please attach sheets with the following information

- (1) Complete Sections A and E.

(D) OFF-LEASE STORAGE and MEASUREMENT
Please attached sheets with the following information

- (1) Is all production from same source of supply? ☒ Yes ☐ No
(2) Include proof of notice to all interest owners.

(E) ADDITIONAL INFORMATION (for all application types)
Please attach sheets with the following information

- (1) A schematic diagram of facility, including legal location.
(2) A plat with lease boundaries showing all well and facility locations. Include lease numbers if Federal or State lands are involved.
(3) Lease Names, Lease and Well Numbers, and API Numbers.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.

RE: C-107B, APPLICATION FOR OFF-LEASE STORAGE and MEASUREMENT
Escrito D14 2407 Com 1H, API 30-039-31231
UL D, SEC 14, T24N, R07W
RIO ARriba COUNTY, NM

August 30, 2017

LOGOS Operating, LLC as operator for the above mentioned horizontal well, is requesting Off Lease Measurement (OLM) approval for the gas production to be delivered at an Enterprise custody transfer meter located northeasterly of the well pad and off the producing federal communitized area (CA). A federal sundry is being filed with the BLM FFO for OLM approval.

The Escrito wellhead is located in NWNW4 of section 14 which is federal lease NMNM117566; the producing lateral starts in N2N2 of section 15 with a federal lease NMNM117567 and moves west through two state leases in the N2NE4 of section 16, B1-1240-0098 and VB-2878-0000. These three leases are covered by the CA - NMNM136953 which encompasses the NE4 of section 16 and the N2 of section 15 in T24N, R07W. Working interest is 100% LOGOS as per the attached statement from our landman.

The wellhead is located at 36.31884°N, 107.552228°W in the NWNW4 of section 14, T24N, R07W. A company owned EFM will be used to measure gas onsite for operational purposes; however, gas will be delivered via a chain of custody transfer meter offsite. As the well pad was built outside the CA but within the project area, the gas production is not considered off lease until it leaves the well pad. The pipeline leaves the well pad in a northeasterly direction, crosses sections 14 and 11 and into section 12 where it ties into an Enterprise line in SWSW4 of section 12, T24N, R07W. This custody transfer meter tie in point is on a different federal lease (NMSF0078584). All of sections 14, 11 and 12 are BLM surface. LOGOS has obtained federal Right-of-Way Grant NMNM131473 to build off lease pipeline and Right-of-Way Grant NMNM131472 to build the well pad off lease. No physical losses will occur between the well site and the custody transfer due to the pipeline being a closed system. Production will be reported from the custody transfer meter.

Attached is the necessary C-107B information, schematic of the facility site and map showing the surface ownership, lease boundaries, well pad, and custody transfer meter.

Should you have any questions, please contact me at 505-324-4145

Sincerely,

Tamra Sessions
Regulatory Specialist

Santa Fe, New Mexico 87505

Attention: Michael McMillan

**RE: Statement of Ownership Pertaining to LOGOS
Escrito D14 2407 Com # 1H well (API 30-039-31231)**

LOGOS Operating, LLC, as operator for LOGOS Resources II, LLC, anticipates completion of the Escrito D14 2407 Com # 1H well (API 30-039-31231) (the "Subject Well") within the Gallup formation within the next 30 days. The spacing unit for the Subject Well is the N2 of Section 15 and the NE4 of Section 16 in Township 24 North, Range 7 West, N.M.P.M., Rio Arriba County, New Mexico (the "Spacing Unit"). The Gallup formation underlying the Spacing Unit is covered by Communitization Agreement NMNM 136953 approved by the United States Department of the Interior – Bureau of Land Management effective April 24, 2017 (the "CA").

The anticipated point of delivery of gas produced from the Subject Well to a third party gatherer will be outside of the CA. Accordingly, this statement is intended to confirm common ownership of the working interest in the leases within the CA.

The CA covers the Gallup formation underlying a portion of Federal lease NMNM117567 and parts of State of New Mexico leases VB 2878-000 and B1-1240-0098. LOGOS Resources II, LLC owns 100% working interest in the CA. LOGOS Resources II, LLC owns 100% working interest in Federal lease NMNM117567 insofar as same covers lands and depths within the CA. LOGOS Resources II, LLC owns 100% working interest in State of New Mexico leases VB 2878-000 and B1-1240-0098, insofar as same covers lands and depths within the CA. Accordingly, the working interest ownership in the CA and in Federal lease NMNM117567 and State of New Mexico leases VB 2878-000 and B1-1240-0098 is identical.

If any further information is needed to confirm ownership of the CA or the federal and State of New Mexico leases discussed above, please contact me by phone at 505-402-6243 or by email at blewis@logosresourcesllc.com

Sincerely,
LOGOS Operating, LLC

13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

LOGOS Operating is requesting Off Lease Measurement approval for the Escrito D14 2407 Com 1H gas production. LOGOS has obtained Right-of-Way Grant NMNM131473 to build a natural gas pipeline from the well pad to a tie in point on Enterprise pipeline located in SW4 of Section 12, T24N, R07W which is on federal surface. Timely completion of the gas line will reduce emissions and provide royalty income to the MMS.

LOGOS owns 100% working interest, no notification is required.

Approval has been requested from the NM Oil Conservation Division, see attached.

Attachments: Justification, Topo map, Surface ownership map, Right-of Way Grant, C-102 plat, Pipeline plat
