Re: Gas Commingling application  
SF 22 #1 (Frontier Meter #6025006)  
Lea County, New Mexico

2006 MAR 27 PM 12 16

Dear Mr. Catanach:

Mewbourne Oil Company requests permission to commingle gas from thirty-three wells in the Querecho Plains Bone Spring Sand unit, thirty wells in the Querecho Plains Queen Associated Sand Unit with three individual wells; Federal E #1, SF 22 #1 and Sprinkle Federal #4. This commingling of gas and contracting for gas sales with Frontier provides a higher price paid for gas. The Frontier contract provides a higher pricing tier for increased volumes of gas and is in a global type contract where all gas from all delivery points covered by the contract is cumulated for the average monthly delivery volume.

Form C-107B is attached with the many exhibits required in Section A through E of the form. Mewbourne respectfully requests your approval.

Yours truly,

  
K. M. Calvert

Ken,

I've been reviewing your application and I have some questions. Are you proposing to commingle only a portion of the QP Bone Spring Sand Unit and a portion of the QP Queen Associated Sand Unit. If so, what is the exact area that you are proposing to commingle? Also, can you provide me with the following information:

| Well Name & Number | API No. | Well Location(UL, S-T-R) | Producing Pool | Dedicated Acreage |
|--------------------|---------|--------------------------|----------------|-------------------|
|--------------------|---------|--------------------------|----------------|-------------------|

Also, please provide me with a list of interest owners that were notified of this application.

This should be all I need. But if not, I'll let you know.

Thanks,

David Catanach  
Engineer
