**RE: San Juan 28-7 Unit No. 48
Unit L, Section 21, T-28N, R-7W
Rio Arriba County, New Mexico**

Dear Mr. Catanach,

As per our telephone conversation on February 14, 2000, I am providing additional information regarding the allocation of production between the Fruitland Coal and Pictured Cliffs formations. Upon completion, each zone will be isolated and tested individually and the remainder of total well production, after the Mesaverde production has been subtracted, will be allocated according to those test.

If any further information is needed or required, please call me at (281) 293-1613.

Sincerely,

CONOCO INC.

Yolanda Perez
