Dear Mr. Stogner:

XTO Energy Inc. hereby requests administrative approval for an unorthodox location for the above referenced well. Attached for your reference are the following exhibits:

1. Well location plat (NMOCD Form C-102)
2. Topographic map
3. Aerial photograph
4. Production map showing Oil & Gas Production from the Mancos Formation

The well has been placed at this location to obtain the greatest distance from the P.O. Pipkin #6E well (existing Dakota producer in the quarter section) while attempting to be as standard as possible in the Mancos. The Mancos will be a 160 acre unit; therefore, the well will be non-standard to the south in the Mancos.

Burlington Resources Oil and Gas Company LP and ConocoPhillips Company are working interest partners in the E/2 as to the Mancos Formation and have been notified via the well proposal.

XTO Energy Inc. requests your administrative approval for the unorthodox location based on the above information. Should you need any additional information, please contact me at (817) 885-3091.

Yours truly,
