Dear Mr. Stogner,

Rubicon Oil and Gas, LLC requests that a non-standard location order be issued for the above listed well. The well was originally drilled by Cotton Petroleum Corporation as the State LG 2727, at a standard location of 1980 FSL & 660 FEL. The well never produced and was plugged as a dry hole January 1, 1976. Rubicon proposes to re-enter this well and try to complete the Morrow. Rubicon had the well re-surveyed in April 2006 and the well footages have determined that the well is now at a non-standard location.

Rubicon Oil and Gas respectfully requests that an administrative non-standard location order be granted for this well. The operator would be utilizing an existing wellbore that was previously permitted and drilled at a standard location, to test for commercial oil reserves.

The offset operators have been notified. See attached verification.

Sincerely,

Kay Maddox - Regulatory Agent

Dear Mr. Brooks,

I sent you a fax about an hour ago - did you receive it? Is it what you wanted? I also sent a hard copy. Let me know - thank you!

Thank you for the clarification - can I email you a map attachment identifying them or fax it to you? If so, what fax number?

Dear Ms Maddox:

We need documentation showing compliance with the applicable provisions of Rule 1210.A(2).

At location stated in your application, this well encroaches towards both the North half of Section 10 and the West half or South half of Section 11. That means you were required to notify the operators of each of those units, or, if there is no operator, the oil and gas lessees (or if there is no lessee, the mineral owner[s]). Your application states that you noticed Devon, Marbob and BLM. I assume that these were the people you were required to notify, but your application does not document this, in that it does not say that any of the noticed entities is the operator of the N/2 10, the lessee or the S/2 11, or whatever. This is the information that I want.

Please feel free to call me if you have questions.

Mr Brooks - I am not clear as to what you are asking for. Are you asking for a list of the the working/royalty/override interest owners from the operator/lessor of the offset acreage?
