If a Watercourse was Impacted, Describe Fully.*

Describe Cause of Problem and Remedial Action Taken.*

Southern Union Gas had cut a new pipeline right of way across the pasture and nicked the top of our concrete 4 inch transit line causing it

Describe Area Affected and Cleanup Action Taken.*

Area affected was about 10' x 10'. The water rose up out of the new right of way ditch, then ran south for about 30' down a slight incline, up in a low spot beside the Southern Union right of way.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOC regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may public health or the environment. The acceptance of a C-141 report by the NMOC marked as "Final Report" does not relieve the operator should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, or the environment. In addition, NMOC acceptance of a C-141 report does not relieve the operator of responsibility for compliance with federal, state, or local laws and/or regulations.
