Dear Mr. Jones,

As we discussed in our phone conversation, this referenced down hole commingle order DHC3049 was issued to this well for Chacra/Mesaverde/Dakota. It is no longer intended to complete the Chacra formation. The well will be recompleted to the Mesaverde formation and then commingled with the existing Dakota. We request to revise DHC3049 to include only the Mesaverde and Dakota formations. Please let me know if you have any questions.

Sincerely,

Peggy Cole  
Regulatory Supervisor
