Santa Fe, New Mexico

Artee PC Prod

Attention: Mr. W. B. Macey, Secretary-Director

Gentlemen:

Southern Union Gas Company hereby requests approval of an unorthodox location for its No. 1-A Sanchez Well in the NE $\frac{1}{4}$ of Section 16, Township 28 North, Range 9 West, N.M.P.M., San Juan County, New Mexico, pursuant to Rule 104(f) of the Commission's Rules and Regulations.

The well is proposed to be drilled at a point 1650 feet from the north line and 690 feet from the east line of the section. If it were to be drilled any further west of the east line, it would have to be located on top of a small mesa which would result in considerable additional expense in building the necessary road. A plat is enclosed which indicates the location of the mesa with respect to the quarter-section involved.

El Paso Natural Gas Company, offset operator to the east, has already indicated its assent to the proposed location. A photostatic copy of their letter in this regard is enclosed.

Since we are under some pressure of time in this matter because of an impending lease expiration, your prompt attention to this matter will be much appreciated.

Very truly yours,

ASG:FG
Encl.

Re: Proposed Well in the
NE/4 Section 16,
T-28-N, R-9-W

Gentlemen:

El Paso Natural Gas Company has no objection to your proposed unorthodox location of a well on the above described tract. It is our understanding that such well is to be located 1650' from the North line and 690' from the East line of Section 16, Township 28 North, Range 9 West.

Very truly yours,
