New Mexico Oil Conservation Commission  
P. O. Box 871  
Santa Fe, New Mexico

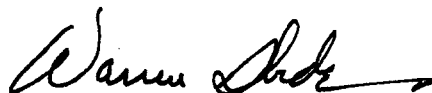

Attention: Mr. A. L. Porter, Jr.

Gentlemen:

This is an application for Administrative approval as exception to Rule 3 of Order R-565-C for an unorthodox well location for our Marron Well No. 3 to be located 2190 feet from the South line and 1010 feet from the East line of Section 27, Township 27 North, Range 8 West, South Blanco Pictured Cliffs Gas Pool, San Juan County, New Mexico.

This request is due to 300 feet cliffs in the SE/4 of said section 27 and I am crowding only my lease in the NE/4 of said Section 27.

Very truly yours,

Warren Slade  
Agent for John A. Egan

Mr. A. L. Porter  
Oil Conservation Commission  
Santa Fe, New Mexico

Dear Mr. Porter:

I propose to drill a Pictured Cliffs well to be located at an unorthodox location as follows:

John A. Egan  
Marron No. 4  
2190' fr SL-1010' fr EL  
Sec 27-T 27 N-R 3 W  
San Juan Co., N.M.

This location is due entirely to topographic reasons and is 450' from the north line of the SE of section 27. I own the NE of the section 27 and am therefore crowding my own line. Mr. McGrath will approve this location upon notice from you that the Commission has no objections.

Very truly yours

John A. Egan
