**Administrative Order NSL-206**

**Gentlemen:**

Reference is made to your application for approval of an unorthodox well location for your Glenn Callow Well No. 11 to be located 1520 feet from the North line and 1520 feet from the West line of Section 28, Township 29 North, Range 13 West, undesignated Gallup Pool, San Juan County, New Mexico.

It is our understanding that this unorthodox well location is based upon extreme topographic conditions in the SE/4 NW/4 of said Section 28.

By authority granted me under provisions of Rule 104 (f) of the Commission Rules and Regulations, you are hereby granted an exception to Rule 104 (b) of the Commission Rules and Regulations for the above-described unorthodox well location. You must also obtain like approval from the U. S. Geological Survey if the well is located on land subject to the jurisdiction of the U. S. Geological Survey.

Very truly yours,
