**Attention: Mr. R. H. McKoy**

**Administrative Order NSL-233**

**Gentlemen:**

Reference is made to your application for approval of an unorthodox well location for your King Well No. 1 located 2310 feet from the South line and 990 feet from the West line of Section 12, Township 23 South, Range 36 East, Jalmat Pool, Lea County, New Mexico.

It is our understanding that this unorthodox well location is occasioned by the recompletion of a well previously drilled to another horizon.

By authority granted me under provisions of Order No. R-1670, you are hereby granted approval for the above described unorthodox well location. You must also obtain like approval from the U. S. Geological Survey if the well is located on land subject to the jurisdiction of the U. S. Geological Survey.

Very truly yours,
