Re: Application of Aztec
Oil & Gas Company for
Administrative Approval
of an Exception to Rule 2
of Order R-1670-C, Approving
an Unorthodox Drilling Location
in the Basin-Dakota Gas Pool

Dear Mr. Porter:

Pursuant to Rule 3 of Order R-1670-C, Aztec Oil & Gas Company hereby submits, in triplicate, its application for administrative approval of an exception to the well location regulation set forth in Rule 2 of said Order.

In support of this application, Applicant respectfully states and shows the following:

- 1. The proposed unorthodox drilling location has been staked nine hundred and sixty-five feet (965') from the North line and one thousand nine hundred sixty-five feet (1965') from the West line of Section 7, Township 31 North, Range 11 West, N.M.P.M., and this unorthodox location is necessitated by extreme topographical conditions.
- 2. Gas Producers Corporation, 1201 Main Street, Dallas, Texas, is the only operator of offsetting leases and leases within the section, as indicated by Exhibit "A" attached hereto and made a part hereof. Said operator has been furnished a copy of this application by certified mail, along with a request that it waive notice and hearing and consent to such unorthodox location.

THE STATE OF MINE

2

New Mexico Oil Conservation Commission July 29, 1964 Page Two

3. Applicant intends to drill a well on the unorthodox drilling location, if approved, to be known as the Grenier No. 14 and to complete it as a gas well in the Basin-Dakota Gas Pool.

Applicant respectfully requests that the Secretary-Director of the Commission, by administrative approval, grant exception as above provided without notice and hearing, approving the unorthodox drilling location as set forth above.

Yours very truly,

AZTEC OIL & GAS COMPANY

Dear Sir:

This is to inform you that Gas Producers Corporation has no objection to the application of Aztec Oil & Gas Company for an unorthodox drilling location in Section 7, Township 31 North, Range 11 West, this to be drilled to the Basin-Dakota Gas Pool.

Very truly yours,

LRS: js
