Dear Mr. Porter:

We are requesting administrative approval for an unorthodox location for the captioned well, as provided in Rule 104, Paragraph F. of the State of New Mexico Oil Conservation Commission Rules and Regulations.

The Raven #1 was originally drilled by Davis Oil Company. It was spudded on October 9, 1957 and filed with the Commission as an intended Gallup oil well producer. Davis Oil Company plugged and abandoned the well December 23, 1957. The well was re-entered October, 1965 and completed as a Dakota gas well.

We have attached a plat showing the offset operators and are sending a copy of this request to them by registered mail.

Sincerely,

*Thomas A. Dugan*

Re: Thomas A. Dugan - Raven No. 1  
660' FN&WL Section 6, T-27N, R-14W,

Dear Mr. Porter:

Gulf Oil Corporation has no objections to administrative approval for an unorthodox location for the captioned well.

It is our understanding that the well was originally intended to be a Gallup oil well producer and has since been re-entered and completed as a Dakota gas well.

Yours very truly,
