Dear Sir:

The referenced location was staked 660' F/SL and 1980' F/WL of the section. The location fell 50 feet inside a caliche pit. We are requesting permission to move the location 150 feet west of the standard location. The corrected location would then fall 660' F/SL and 1830' F/WL.

If this request meets with your approval, please acknowledge and return one copy of this letter.

Respectfully yours,

R. S. Guenther

Dear Mr. Hatch:

I enclose a plat showing the offset operators to the referenced location. I had previously furnished copies of my request letter to the Shell Oil Company, the Saturn Oil Company and the Superior Oil Company. I was not aware that I should have furnished copies to the diagonal offset operators. However, I am furnishing them a copy today. You will notice on my original letter that the operator was given as Patrick Oil & Gas Corporation. This was an error which I regret and it should be Patrick Petroleum Corporation.

If I can be of any further service, please write me at the above address.

Yours very truly,

R. S. Guenther
