Re: Request for Administrative
Approval of Unorthodox Basin
Dakota Location For Lively
Well No. 20, E/2 Section 12,
26N - 8W, San Juan County,
New Mexico

Dear Mr. Porter:

Administrative approval for an unorthodox location, because of severe topographic conditions, is hereby requested for the Lively Well No. 20, a Basin Dakota test, located 560 feet West of the East section line and 890 feet North of the South section line.

The attached topographic map shows the rugged cliffs covering most of the E/2 of Section 12 leaving only a small portion of the proration unit with terrain where a practical location can be made.

Enclosed are:

1. Topographic plat showing the spacing unit, offset operators, and offset Basin Dakota wells,
2. Form C-102 showing surveyed location of Lively Well No. 20

Basin Dakota rights of offset leases are owned by El Paso Natural Gas Company, Southwest Production Company, Tenneco Oil Company, and Depco, Inc. Copies of this application have been mailed to each of these offset operators as of the date of this letter.

Yours very truly,

A handwritten signature in cursive script, appearing to read "V. E. Shryack".
