Gentlemen:

In accordance with my telephone conversation Thursday afternoon, February 8, 2007, with Mr. Charlie Perrin of your Aztec, New Mexico office, I am enclosing for your attention and ruling a Request for Administrative Exception to Unorthodox Location for the Northeast Blanco Unit No. 240.

This request was originally directed to Mr. Perrin in the Aztec office November 28, 2006. Due to a miscommunication, Devon did not also forward this request to the Santa Fe office.

Along with the original request are the certified receipts signifying notice was given to the working interest owners along with an Affidavit stating that two of the working interest owners, BN Non-Coal, LLC and B&N Company were not given notice because Devon Energy Production Company, LP operates on their behalf and manages their interest.

If you have any questions, please contact me at 405-552-4626. Questions regarding operations should be directed to our Senior Operations Engineering Advisor, Mr. Jeff Williford at 405-228-7700. Mr. Williford's E-Mail address is jeff.williford@dvn.com. My E-Mail address is listed above on the letterhead.

Ms. Wooldridge:

I have before me the referenced application.

Please furnish a copy of the location plat (federal equivalent to NMOCD form C-102) depicting the location of this well.

Also, where is the bottom-hole location of this well in the Pictured Cliffs? Will that be same as the surface location? or different?

Thanks

Mr. Brooks:

Attached is a copy of the well location and acreage dedication plat used for both the federal and state APD's. My apologies that this was not attached to the original application.

Also, in answer to your E-Mail of Wednesday, the bottom hole location for this well is the same as the surface location. (1160' FNL and 1315' FWL of Section 18-31N-6W, San Juan County).

Please advise if you need additional information.

Re: Request for Administrative Exception to
Unorthodox Location
Northeast Blanco Unit No. 240
Section 18-T31N-R6W
San Juan County, New Mexico

Gentlemen:

Devon Energy Production Company, L.P. ("Devon"), as Operator, drilled the referenced Pictured Cliffs well to a total depth of 3,781' and dedicated the Southwest Quarter (SW/4) of Section 18-31N-6W as the spacing unit. Devon attempted to place this well at a legal surface location that would prevent waste by incorporating the wellpad for this well with the existing wellpad for the NEBU 322M and NEBU 496A wells. This consolidated wellpad was quite large before the addition of the NEBU 240 due to topographical issues. The wellpad sits on top of a knob in a hill that is solid rock. Devon had to flatten the knob out to prepare for the well locations and had to blast pits on all three wells.

In order to keep the wellsite for the NEBU 240 on the existing wellpad it placed the surface location 1160' from the north line and 1315' from the west line of Section 18-T31N-R6W which is 5' closer than rules permit. Devon respectfully requests that the Commission administratively approve this application for an unorthodox surface location in accordance with Division Rule 104(F)(3).

Leasehold for the entire North half of Section 18-31N-6W is Federal lease SF-078970 (NEBU Unit Tract No. 4). Leasehold for the South half of Section 18-31N-6W is Federal Lease No. 078988 (NEBU Unit Tract No. 5). Ownership in Tracts 4 and 5 is identical. There are no Pictured Cliff wells to the east of the NEBU 240 (NE/4 Sec.18) and thus no leasehold owner in Section 18 is affected by this unorthodox location. Devon's records reflect that BP America, ConocoPhillips/Burlington Oil and Gas; BN Non-Coal, LLC and B&N Co., L.P. own interests in

the five spacing units to the north (NEBU 239 - SW/4 Sec. 7-31N-6W); northwest (NEBU 229J - SE/4 Sec. 12-31N-7W); west (NEBU 230 - NE/4 Sec. 13-31N-7W); southwest (NEBU 230J - SE/4 Sec. 13-31N-7W) and south (NEBU 223 - SW/4 Sec. 18-31N-6W) all in San Juan County, New Mexico. As identified on the well plat, each of the wells listed above has received a Paying Well Determination and currently awaits approval for inclusion in the Pictured Cliffs Participating Area.

Attached for your review you will find (a) a land plat showing the spacing unit, the proposed unorthodox well location and the adjoining spacing units and wells; (b) a list of affected persons as defined in Rule 1207.A(2) and (c) State of New Mexico form C-102; and (c) copies of notice letters to affected persons.
