OIL CONSERVATION COMM. Sarda Fe

Oil Conservation Commission State of New Mexico State Land Office Building Santa Fe, New Mexico 87501

Coquina Oil Corporation Dean Federal, Well No. 1 Unit 0, 1880' FEL & 660' FSL Sec. 21, T16S, R27E Eddy County, New Mexico

## Gentlemen:

It is respectfully requested that Administration approval be granted for an unorthodox location for the above well in that the location was requested to be moved 100 feet east of the original location (standard) by the Bureau of Land Management for topographical reasons.

The attached topographic map shows the well as originally staked, 1980' FEL & 660' FSL of Section 21. At this location it would be necessary to make an approximate seven foot cut and fill which was objectionable to the Bureau of Land Management. By moving the location 100' east, this problem was somewhat alleviated.

The attached land plat shows that offset operators in this case are Continental Oil Company and Cooley & Dean. Both have been notified of this request by copy of this letter with attachment via Certified mail.

Sincerely,

COQUINA OIL CORPORATION

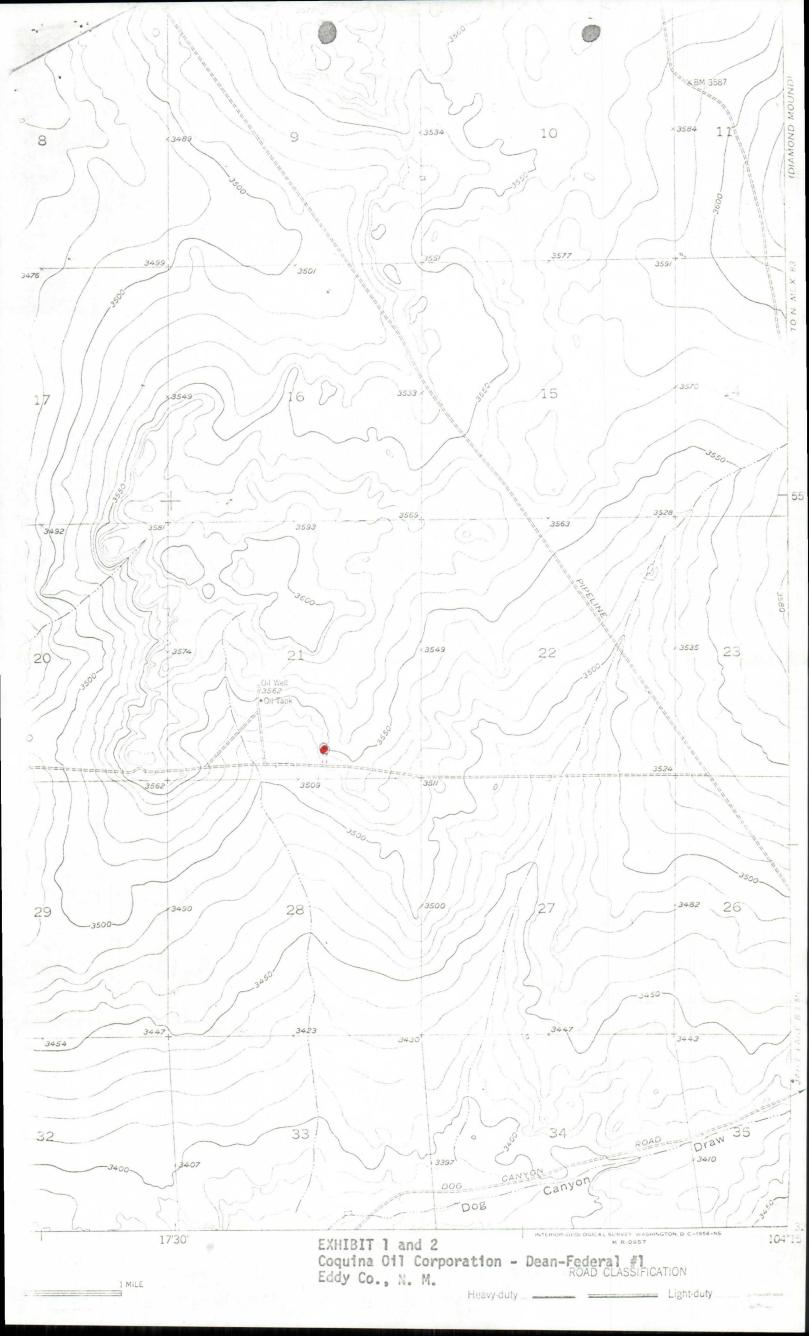

J. T. Berry

## OIL CONSERVATION COMMISSION OUT DISTRICT

OIL CONSERVATION COMMISSION BOX 2088	DATE 9-16-74
SANTA FE, NEW MEXICO	RE: Proposed MC
DENCTED STORES	Proposed NSL X
SEP 17 1974 (COMM	Proposed SWD Proposed WFX
SEP 1 TON COMM  OIL CONSERVATION COMM  Santa Fa	Proposed PMX
Gentlemen:	
I have examined the application dated $\mathcal{I}$	7-9-74
for the Coguina ail Corp. Dean Fader. Operator Lease and Wes	11 No. Unit, S-T-R
and my recommendations are as follows:	
according to our records this well	is located just outsid
the boundary of the old Duffield	
Therefore should be on 1600	seres and would not
need an NSL. I told the to US	
that they would notify the operator	
See attached Rool plat.	Yours very truly,
	W.a. Lussett
