Re: Non-Standard Gas Well Location
Kimball Production Company
Federal - 21 Well No. 1
Section 21-T21S-R21E
Eddy County, New Mexico

Dear Mr. Ramey:

Kimball Production Company (2320 First City National Bank Bldg., Houston, Texas 77002) seeks administrative approval of an unorthodox gas well location, based upon topographical conditions, under the provisions of paragraph F of Rule 104 of New Mexico Oil Conservation Commission Rules and Regulations dated January 1, 1976. The location is in a rocky, mountainous area and the standard locations for an East-half dedication fall on sloping surfaces which are unsuitable for drilling. The non-standard location requested is 1836' FNL and 915' FEL of Section 21-T21S-R21E. This location has been selected by Kimball Production Company personnel with the concurrence of the USGS office in Artesia, New Mexico and the BLM office in Roswell, New Mexico.

The proposed well is projected to the Morrow formation at the proposed depth of 7500 feet. A lease ownership plat and a portion of a topographic map of the area are enclosed herewith. Each offset operator is being notified by three copies of this letter (via certified mail) and is asked to indicate waiver of objection, by authorized signature in the space provided below, on two copies of this letter. After signature, offset operators are requested
