Re: Non-Standard Location State
DF #1, D-35-17s-24e

Dear Sir:

The State DF #1, 660 FNL 660 FWL of Section 35, T17S R24E, Eddy County is a Wolfcamp gas completion with 320 acres dedicated. The well was originally drilled by Max Wilson in 1963 as a Penn oil test. Yates Petroleum re-entered the well in 1974 and attempted a Canyon oil completion, later tested the Chester and Morrow formations, finally completing in the Wolfcamp.

Yates Petroleum now seeks administrative approval of the unorthodox location under OCC Rule 104 F. A lease ownership plat is attached hereto and offset operators are notified by copies of this letter and asked to waive objection to the non-standard location by signing and returning one copy to your office.

Thank you.

Yours very truly,

YATES PETROLEUM CORPORATION
