> Re: Non-Standard Location, I-16-17S-26E Kennedy Farms, Morrow, Eddy County

Dear Mr. Ramey:

Yates Petroleum Corporation seeks administrative approval of a non-standard location of our Armstrong KS State Com #1, east-half section dedication, to be located 1980' FSL and 560' FEL of Section 16-T17S-R26E, Kennedy Farms Morrow field, based on topography and as provided for under Rule 104F.

- 1. A lease Ownership plat is attached showing Yates Petroleum to be the sole offset operator, having recently acquired Coquina Oil Corporation holdings indicated on the plat.
- 2. A topographic plat showing location of the standard location at 45 feet east of an irrigation concrete ditch and a higher bench. By moving the location east 100 feet we are still in the lower bench and will incur much lesser damage to the farmland and irrigation system. The access road would be from the east off of a pavement.

Thank you.

Yours very truly,

YATES PETROLEUM CORPORATION
