Post Office Box 2088  
Santa Fe, New Mexico 87501

Dear Mr. Ramey:

This is a request for administrative approval for an unorthodox gas well location in the Basin Dakota pool.

It is intended to locate the El Paso Natural Gas Company's San Juan 28-7 Unit #252 at 790' FNL and 1850' FWL of Section 32, T-28-N, R-7-W, Rio Arriba County, New Mexico.

It is necessary to locate this well at 1850', which leaves only 771' FEL, because a series of high steep cliffs cut through the northern half of the quarter section that the well is located in. These cliffs do not allow room at an orthodox distance from the west line of Section 32.

As this well is part of the San Juan 28-7 Unit, El Paso Natural Gas Company operates all offsetting proration units. Plats showing the proposed well location and the terrain of Section 32, along with an ownership plat, are attached.

Yours truly,

*L. A. Aimes*
