RE: Application to drill non-standard location
~~west~~ Indian Basin Morrow ~~West~~ (Gas) Field E x T

Gentlemen:

Maralo, Inc. requests approval to drill a unorthodox location
2310' FSL & 2450' FWL of Section 2, T-21-S, R-22-E, Eddy County, New
Mexico.

Because of the rugged terrain, we are unable to drill a standard
location. Attached for your consideration are:

1. An ownership plat showing who the offset operators are.
2. Waivers from all offset operators except Jack McClelland, whose
waiver has been mailed directly to you.
3. A topographic map showing the proposed location.

Sincerely,

R. A. Lowery
