Mr. Joe Ramey New Mexico Oil Conservation Division Post Office Box 2088 Santa Fe, NM 87501

Dear Mr. Ramey:

This is a request for administrative approval for an unorthodox gas well location in the <u>Blan</u>co Mesa Verde pool.

It is intended to locate the <u>El Paso Natural Gas Company's</u> <u>San Juan 30-6 Unit #91A at 835'from the South line and 580'</u> from the <u>East line of Section 28, T-30-N, R-7-W</u>, Rio Arriba County, New Mexico.

Extremely rough terrain with cliffs and steep ledges in the southeast corner of this section make it impossible to build an orthodox gas well location.

All operators of proration units offsetting the proposed unorthodox location have been notified of this application by certified mail.

Plats showing the proposed well location and the terrain of Section 28, along with an ownership plat, are attached.

Sincerely,

L. A. Aimes
