RE: Application for Unorthodox Location
Tenneco Delhi-Taylor 5-E
Proposed Infill Dakota Gas Well
San Juan County, New Mexico

Gentlemen:

Attached in duplicate (to each office) are a well location plat C-102 and ownership plat for the above captioned Dakota infill gas well.

The Delhi-Taylor 5-E proposed site is 2350 FSL, 990 FEL, Sec. 17, T26N, R11W, San Juan County, New Mexico. This places the well 290 from the boundary line of the quarter section. This was the only feasible site so that NIIP farmland could be avoided (see attached letter).

A copy of this application is being submitted to all offset operators by certified mail with a request that they furnish your Santa Fe office with a waiver of objection.

Pursuant to authority of Rule 104-F, we respectfully request your approval of an exception to the standard well location requirements.

Very truly yours,

TENNECO OIL COMPANY

October 12, 1979

To: Mr. Lee Freeman, Staff Analyst
Tenneco Oil Company
720 South Colorado Blvd.
Denver, Colorado 80222

Dear Mr. Freeman:

OIL CONSERVATION DIVISION
SANTA FE

You have contacted our office regarding the location of two proposed gas wells within the Navajo Indian Irrigation Project.

To prevent interference with the designed irrigation systems of the Project we request that the wells be located as follows:

- Delhi Taylor #6E, 990' FNL, 1450' FWL, Sec. 17,
T. 26 N., R. 11 W..
- ✓ Delhi Taylor #5E, 2350' FSL, 990' FEL, Sec. 17,
T. 26 N., R. 11 W..

To locate the wells other than these locations would create problems in both access to your wells and operation of the sprinkler irrigation systems. All production equipment should be installed north of the actual well sites.

Your cooperation is appreciated.

Sincerely,

Albert L. Keller

Albert L. Keller
Project Manager
