Re: Application for Administrative Approval of Unorthodox Location
Amacker #1 Well Operated by McElvain Oil & Gas Properties, Inc.
1915' FSL and 545' FWL, Section 22, T23N, R1W
Sandoval County, New Mexico - Mesaverde Formation

Dear Mr. Stogner:

McElvain Oil & Gas Properties, Inc. ("McElvain") hereby requests administrative approval for an unorthodox location for the above captioned well. Attached for your reference are the following exhibits:

- 1) Well Location Plat (NMOCD Form C-102)
- 2) Topographic Map
- 3) Production Map showing Mesaverde Production in the area
- 4) List of Affected Parties owning interest in SE/4 of Sec. 21, T23N, R1W

The above referenced well was originally proposed as a Mancos test on 40-acre spacing; and it was determined to be non-commercial in that zone. McElvain is now proposing that we move uphole in the existing wellbore and attempt a Mesaverde completion which requires a non-standard location for 160-acre spacing due to the location of the existing wellbore.

All of the required offset parties have been notified of this application by certified mail and copies of the letters and receipts are attached.

McElvain hereby respectfully requests your administrative approval for the unorthodox location based on the above information. Should you need any additional information, please contact me at (303) 893-0933, Extension 349.

Yours truly,

MCELVAIN OIL & GAS PROPERTIES, INC.
