Hobbs - New Mexico

Attention: Mr. J. D. Albright

Gentlemen:

RE: Administrative Order MSP-6

Reference is made to your application of August 27, 1954, for approval of a 320-acre non-standard gas proration unit covering the E/2 of Section 6, Township 22 South, Range 36 East, N34E, Lea County, New Mexico, said unit to be ascribed to your Glessen Well No. 1.

By authority granted me under provisions of Rule 5, Section (b)-6 of the Special Rules and Regulations for the Joliet Gas Pool as set forth in Order N-520, you are hereby authorized to operate the above-described acreage as a non-standard gas proration unit, with allowable to be assigned thereto as of October 1, 1954, in accordance with pool rules.

I should like to remind you further, in line with my letter to you of September 1, 1954, that it is quite possible that your Glessen Wells No. 4 and No. 8, which are also in this unit, may be reclassified as Joliet Gas wells. If such reclassification materializes, the production from all three wells will thereupon be charged against the allowable assigned to the unit granted hereunder.

Very truly yours,

WMM:mr

W. B. Macey, Secretary-Director

In regard to your letter dated September 1, 1954, which related to Cities Service Oil Company's application to increase the proration unit of the Closson #1 well in Section 6-22S-36E from 160 acres to 320 acres, I find that the Closson wells Nos. 1, 4, and 8 all lie within the horizontal and vertical limits of the Jalmat Pool. This classification may be changed after the Nomenclature Committee completes its regional correlation, although this is doubtful at this time.

Re: Application to Increase the Proration
Unit of Cities Service Oil Company's
Glosson No. 1, Sec. 6-228-36E,
Jalmat Gas Pool, from 160 Acres to
320 Acres.

Dear Sir:

Reference is made to the above captioned application received
in this office August 30, 1954.

Under the terms of Order R-520, this Commission can approve
your application thirty days after receipt thereof or upon receipt of
waivers from the two offset operators.

There is a possibility that the Commission staff may determine
that your #3 well, located in the NE/4 NE/4 of Section 6, should be
declared a Jalmat Gas Well. In the event this determination should
be made, you would not have any acreage to dedicate to the #3 well.

I am going to request that our Geologist and Engineer, Mr.
Montgomery and Mr. Stanley make an immediate determination of the
status of the #3 well so that there will be no question about the allow-
able to be assigned the #1 well.

Your cooperation with them in supplying the necessary logs and
complete data will be appreciated.

Very truly yours,

W. B. Macey
Secretary-Director

Re: Application to Increase the Proration Unit
of Cities Service Oil Company's Closson
No. 1, Sec. 6-22S-36E, Jalmat Gas Pool,
from 160 Acres to 320 Acres

Gentlemen:

By means of this application Cities Service Oil Company wishes to
state the following:

1. Cities Service Oil Company is the owner of an oil and gas
lease covering the E/2 of Section 6-22S-36E, Lea County, New Mexico,
known as the Closson Lease, and containing 320 acres, more or less.

2. That Closson No. 1, located 2310' from the South Line and
1650' from the East Line of Section 6-22S-36E, is a gas well produc-
ing from the Jalmat Gas Pool and is assigned an acreage allowable of
160 acres.

3. That the Closson No. 1 is the only gas well on the E/2 of
Section 6 producing from the Jalmat Gas Pool.

4. That Order No. R-520 permits proration units of up to 640
acres in the Jalmat Gas Pool.

5. That the Closson No. 1 meets the spacing regulations for an
acreage assignment of 320 acres.

6. That waivers have been sent to all operators owning inter-
ests in the section in which this non-standard gas proration unit is
situated for submission to the Commission, if they have no objection
to this application.

It is therefore respectfully requested that the Commission increase

August 27, 1954

the acreage allowable of the subject well to 320 acres to include all of the E/2 of Section 6-22S-36E. A Gas Well Plat showing Closson No. 1 and all other oil wells in the E/2 of Section 6 is attached.

Respectfully submitted,

CITIES SERVICE OIL COMPANY

Attention: Mr. ~~R. R. Spurrier~~ W. B. Macey

Gentlemen:

We have been informed that Cities Service Oil Company has requested approval of an unorthodox 320 acre gas proration unit in Jalmat Gas Pool, to be allocated to its Closson No. 1 well located 1650' from East Line, 2310' from South Line,
Section 6-22S-36E N.M.P.M.,
Lea County, New Mexico. We understand that it is requested that such unorthodox unit consists of the lands described as E/2, Sec. 6-22S-36E, N.M.P.M.,
Lea County, New Mexico.

You are respectfully advised that we hereby waive notice and hearing as to said application for approval of said above described unorthodox gas proration unit.

Yours very truly,

By:
