NSL
Basin Dakota Pool
Rule 3 R1670
5-3-81
Be sure we have a
waiver from Frank
on this one

Dear Mr. Ramey:

Southland Royalty Company applies for an unorthodox location for our Sammons #2E. The well is to be located 510' FSL & 1470' FEL of Section 32, T30N, R11W, San Juan County, New Mexico.

We have attached a copy of the quarter section plat from the county records. I have outlined in red the area where we could have placed a standard location. Please note that the majority of this area is located in a subdivision and the portion north of Southside River Road is not large enough to build a location. We staked the location to maintain a 300' buffer zone from the residences.

A copy of this application is being submitted to all offset operators by certified mail with a request that they furnish your Santa Fe office with a waiver of objection.

Pursuant to authority of Rule 104-F, we respectfully request your approval of an exemption to the standard well location requirement.

Sincerely,

SOUTHLAND ROYALTY COMPANY

Robert E. Fielder
District Engineer
