R. L. Stamets
Energy & Minerals Department
New Mexico Oil Conservation Division
P. O. Box 2088
Santa Fe. New Mexico 87501

Dear Mr. Stamets:

Subject: NSL-1416

Mesa Petroleum Co. Macho Federal #6

NE1/4, Sec. 6, T7S, R23E Chaves Co., New Mexico

Subject non-standard location was granted for this well September 8, 1981 at a location of 2100' FNL & 1400' FEL (see Exhibit I). It is requested that this order be amended to reflect a revised location of 1946' FNL & 2255' FEL or that a new order be issued due to topography. The original location would require extensive blasting of limestone outcroppings and the BLM has concurred with Mesa in moving the well to the new location which will require no blasting and little cut and fill (see Exhibit II).

Mesa Petroleum Co. operates three additional wells within the section and subject well will be assigned the NE1/4 160 acres if completed in the West Pecos Slope Abo Gas Pool as planned (see Exhibit III). Transwestern Gas (Offset Operator) has been provided a copy of this letter via certified mail.

Expeditious handling of this request is appreciated.

Yours truly,

R. E. Mathis

Regulatory Coordinator

Onshore Operations Division

Mesa Petroleum Co. Vaughn Building Suite 1000 Midland, Texas 79701

Attention: Mr. R. E. Mathis

Administrative Order NSL-1416

Gentlemen:

Reference is made to your application for a non-standard location for your Macho Federal Well No. 6 to be located Pal 2100 feet from the North line and 1400 feet from the East line of Section 6, Township 7 South, Range 23 East, NMPM, Abo Gas, Chaves County, New Mexico.

By authority granted me under the provisions of Rule 104 F of the Division Rules and Regulations, the above-described unorthodox location is hereby approved.

Sincerel

JOE D. RAMEY

Director

R.L. Stamets, Technical Support Chief State of New Mexico Energy and Minerals Department Oil Conservation Division P.O. Box 2088 Santa Fe, New Mexico 87501

Dear Mr. Stamets:

Subject: Mesa Petroleum Co

Macho Federal #4 & #6 Chaves County, New Mexico

In response to your request of August 18, 1981 regarding additional information on subject wells, please find attached a land plat showing ownership of the offsetting leases. These wells are to be drilled as ABO development wells with 160 acres assigned to each well.

Yours truly,

R.E. Mathis

Regulatory Coordinator Permian Basin Division
