**Reid A SRC #1M**, Albright #8A-OK by me they seem a good use of old wellbores that already have NSL orders in their other pools.

I am forwarding the Carson SRC #3 to Charlie Perrin as he wants to check out the applications that have topographic reasons listed.

The following three Burlington applications (all received on Jan. 16, 2001) have floated to the top of my pile:

- |     |            |                |
|-----|------------|----------------|
| (1) | Burlington | Reid A SRC #1M |
| (2) | "          | Carson SRC #3  |
| (3) | "          | Albright #8A.  |

I'm now ready for Aztec's recommendations. Thanks.
