Re: Request and Notice for:
1. Simultaneous Dedication
2. Infill Drilling
Toby Lease
N/2 SW/4 Section 7
T-24-S, R-37-E
Lea County, New Mexico

Gentlemen:

We are currently in the process of filing a C-101 and C-102 with the New Mexico Oil Conservation Division's District Office in Hobbs for permission to drill a second Jalmat (Gas) well as an infill well to the same producing interval on an existing 80-acre non-standard proration unit comprised of the N/2 SW/4 Section 7, T-24-S, R-37-E, Lea County, New Mexico. The subject non-standard proration unit is currently dedicated to our Toby No. 2 well located in K-7-24S-37E. The proposed well will be drilled at an unorthodox location 1780 FSL and 1100 FWL of Section 7, T-24-S, R-37-E. I hereby file for administrative approval to drill the proposed well at the unorthodox location of 1780 FSL & 1100 FWL of Section 7, and to simultaneously dedicate the 80-acre non-standard proration unit comprised of the N/2 SW/4 Section 7, T-24-S, R-37-E to both our existing well (Toby No. 2 located in K-7-24S-37E) and our newly proposed well (Toby No. 3 located in L-7-24S-37E).

The Toby No. 2 well is currently non-commercial in the Jalmat Gas Pool and an application will probably be submitted soon to re-complete it in the Langlie Mattix Pool. The unorthodox location is necessary because of surface equipment located directly between the present wells. A diagram is enclosed showing pipelines and surface equipment.

Furthermore, if the proposed well is completed as a commercial producer, and in compliance with the Natural Gas Policy Act of 1978, an application will also be submitted to the New Mexico Oil Conservation Division to obtain administrative approval for the well as a Section 103 infill well located on a previously existing proration unit.

Three copies of a plat showing the location of the original well on the existing 80-acre proration unit plus the location of the proposed well are enclosed.

20-26-82
H-77-82

Mr. R. L. Stamets
March 31, 1982
Page 2

Copies of this plat and application have also been sent to all offsetting parties owning shallow Jalmat dry gas rights. The following is a list of the offset Jalmat owners:

Re: Application for Non-Standard
Location: Toby Well No. 3
7-T24-S, R37-E, Jalmat Gas Pool

We may not process the subject application for non-standard location until the required information or plats checked below (is)(are) submitted.

- ☐ A plat must be submitted clearly showing the ownership of the offsetting leases.
- ☒ A statement must be submitted that offset owners have been notified of the application by certified mail.
- ☐ A plat must be submitted fully identifying the topography necessitating the non-standard location.
- ☐ Other:

Gentlemen:

Reference is made to your letter dated April 5, 1982, requesting a statement that offset owners have been notified of our request for non-standard location by certified mail.

All offset owners were notified of our request by certified mail. Please find enclosed a copy of our receipts for certified mail for all offset operators, a copy of those receipts which have been returned, and a copy of the waiver which has been signed and returned by Getty Oil Company and Arco Oil and Gas Company.

Please let us know if we can furnish anything further in this regard.

Very truly yours,

DOYLE HARTMAN

Offset Jalmat (Gas) Operators

Toby Lease

N/2 SW/4 Section 7, T-24-S, R-37-E

Lea County, New Mexico

Gentlemen:

Please find enclosed a copy of our request to the New Mexico Oil Conservation Division for permission to dedicate the previously existing Toby No. 2 and the newly proposed Toby No. 3 to the non-standard proration unit consisting of N/2 SW/4 Section 7, T-24-S, R-37-E, Lea County, New Mexico. Our request also includes a request to drill the new well at an unorthodox location consisting of 1780 FSL & 1100 FWL Section 7, due to existing pipelines and surface equipment.

A third reason for our application is to inform the Division of our intention to request approval for the Toby No. 3 as a Section 103 infill well under the Natural Gas Policy Act of 1978 in the event it is completed as a commercial producer.

If you, as an offset operator, have no objection to our above stated requests, we respectfully request that you sign one copy of this letter and return it to this office in the enclosed stamped, self-addressed envelope. Your cooperation in this matter will be very much appreciated.

Very truly yours,

DOYLE HARTMAN
