Dear Mr. Stamets:

HNG Oil Company request administrative approval to drfll the above-named well as an unorthodox location due to a concrete irrigation ditch located 180 feet south of the NE/4 of the SE/4 of Section 32.

Enclosed is a dedication plat showing the proposed location and a sketch of the irrigation ditch that forces the move from the normal 1980 foot location. Also enclosed is a lease map showing all offset operators, along with our statement of their notification by certified mail, and finally a list of formations of interest.

Your early attention in consideration of our application is appreciated.

Very truly yours,
