Replacement Well for Hickman 7 South Gollegor - Fruitland Pool

Gentlemen:

The above referred to location is unorthodox because of terrain (cliffs) as shown in the attached topographical map. We request permission for the location to be 500' FNL and 790' FEL of Section 3, T26N, R12W. We have sent certified letters to the offset acreage holders and requested they advise your office of their response to this unorthodox location.

We request administrative approval to expedite this drilling.

Sincerely yours,
