New Mexico

*Southeast Chaves Queen
Gas Area*

Dear Sir:

Dalport Oil drilled the above well as a wildcat on a 40-acre proration unit. As nearest production was exactly one mile away, we had anticipated a Queen oil well.

We respectfully request administrative approval for a non-standard Queen gas location as per NMOCC Rule 104.

All offsetting operators are being notified by certified mail, and copies of receipts are enclosed.

If more information is desired, please contact me.

Very truly yours,

Leon M. Lampert
