Re: Unorthodox location, Joel B. Burr, Jr.
Foothills B#1, San Juan County, NM

Gentlemen:

Joel B. Burr, Jr. requests unorthodox location for his No. 1 Foothills "B" at 1390' FSL and 1650' FEL 20-30N-12W San Juan Co., NM. The Pictured Cliffs was approved as non-standard at this location by NSL-1702. This application seeks approval of the Fruitland formation of this site. The Fruitland will be completed in a common wellbore with the Pictured Cliffs.

The request is based on topography. A pipeline prevents the proper distance from the interior boundary. A plat showing this feature is attached.

All offset operators have been notified by certified mail. A map showing ownership of offset 160'S and all wells completed there-on is attached.

Sincerely,

A handwritten signature in cursive script that reads "John Alexander".

Gentlemen:

Joel B. Burr, Jr. request an unorthodox location for his Foothills B #1 at 1390' FSL and 1650' FEL, Sec 20, T30N, R12W, San Juan County, New Mexico. The well is to be completed in the pictured cliffs formation. This request is based on topographic restrictions.

The topographic restriction is a pipeline that prevents the proper 130' distance from the interior boundry. Form C-102 is attached showing this feature.

All offset operators have been notified by certified mail. A map showing ownership of offset 160' and all wells completed there on is attached.
