Re:

Pan American VJ St. #1 330' FSL & 1652' FWL Sec. 17-T13S-R33E Lease No. V-167 Lea County, NM

Baum Upper Pennsylvania

Dear Sir,

Yates Petroleum Corporation would appreciate an administrative approval for a proposed unorthodox Upper Penn oil well location as provided for under NMOCD Rule 104F.

This well was originally drilled by Cactus Drilling Corp of Texas. At the time it was drilled, there was no designated field in this area. We are proposing to reenter this well and deepen approximately 350'. Therefore, we are applying for a non-standard location approval.

Enclosed please find a copy of the lease map showing offsetting lease operators. These operators have been notified of our intentions by certified mail, via a xerox copy of this letter.

We intend to produce this well out of the Upper Penn formation.

Thank you for your help in this matter.
